

How to start Multilane sessions

Step 1.
Log in to the
[Dartsee](#)
[Dashboard.](#)

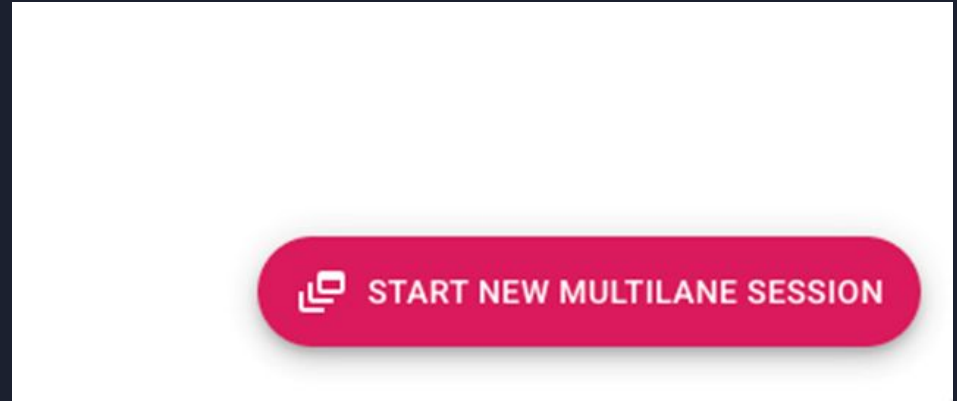

A login form is displayed on a dark blue background. The form is a white rounded rectangle. At the top center is a grey circular icon containing a white padlock. Below the icon are two light blue input fields. The first field is labeled 'Username *' and contains the text 'john.sison@dartsee.com'. The second field is labeled 'Password *' and contains ten black dots. Below these fields is a solid blue button with the text 'Sign in' in white.

Step 2.

Click the Start New Multilane session button.

The button is located at the lower right side of the dashboard.

Step 3.

Select the machine you want to include in the Multilane session, then click Next.

Start new multilane session
